➔ C1700 Cylinder Filters

C1703 with Cowl

Standard C1703

Davis Cylinder Filters are a proven design that has been used effectively in a range of low airflow applications for over twenty years.

Incorporating a single sized spare for all sizes the 1700 series cylinders are moisture resistant, long lasting and easy to maintain.

The entire range is available in Aluminium or Stainless Steel and can be fitted with optional Weather Cowls.

Typically used on blower systems, silo blowers and venting applications the range of fittings and sizes allow various custom solutions.

C1700 Series Cylinder
G3/4 Grade Filtration
Pleated Radial Element
2-4" BSP Connection
Easy Spares Replacement

E1503 Element
